

## Subscription/Licensing Information

As Catholics we are not called to measure the merit of another's felt need; rather we must give what we have to offer without restraint. The fact that *The Catholic Navigator* apostolate exists at all is due to God moving individuals to contribute their means, talents, and training to the New Evangelization. The apostolate's continued existence depends on God as His Providence is manifest through others. Consequently, we are adopting radical simplicity in our relationships with parishes and schools.

Effective, the First Sunday of Advent 2017, Liturgical Cycle B, *The Catholic Navigator* no longer will suggest subscription guidelines; negotiate rates, or mail invoices. Instead, subscribing parishes and schools should determine how our weekly catechetical supplements (*Faith Supplements*) actually benefit them, establish a value accordingly, and consider making a free will gift if they are able to do so.

### Another change:

The *Faith Supplements* will no longer *routinely* be emailed as 'a month of Sundays' (4-5 issues) about 2 weeks prior to the first Sunday of the following month. Instead, on Monday morning of each week the high resolution PDF files of the three publications will be posted for the upcoming Sunday on **The Galley** page of our website. The sources for those issues will be available on the following Wednesday. . (This is a new accommodation in view of the thousands of individuals who visit the website weekly.) However, if you must have your issues sent bundled per month, as previously done, please contact us—we can accommodate your special needs.
